

IDAHO 3

The Idaho 3 is a fantastic looking log cabin, with a similar appearance and style to the Idaho 70mm range of cabins. The building is constructed with 44mm tongue and groove interlocking logs and has a set of double doors and a large single window. The glazing in this building is toughened as standard and is 4mm thick on either side of a 9mm cavity. This building would work great as a home office or summerhouse.
