

## MEMPHIS

The Memphis is a very useful 2 room 34mm og cabin. The smaller attached room can be used as a shed or storage unit for all of your garden equipment, chairs, bikes and the main room is ideal for use as an office, workshop, studio, summerhouse, TV room and many other uses besides. The benefits of this building are endless - you can perhaps sit in your newly built man cave having a beer with the lawn mower safely stowed away in the next room.
